Miniature Collections

MINIATURE and SMALL FLOWERED UN-LABELED COLLECTION No. 11—This will contain some medium size bulbs as these smaller varieties bloom fine from any size. It will also contain some high priced ones.

If you haven't grown the miniatures, here's your chance to get a good start and see what a lovely charm they have. This collection gets better every year.

100 for 6.00, 50 for 3.00, 20 for 2.00. Small bulb size collection No. 11A 100 for 2.50, 500 for 10.00, 1000 for 18.00.

SMALL and MINIATURE LABELED COLLECTION No. 12—Assorted sizes, 3 each of 12 varieties of my selection, all labeled, 36 bulbs for \$4.00. This will contain some real top notchers. This collection may vary during the season but will always be very big value.

36 bulbs for \$4.00.

Both the above collections are especially fine this year.

UNLABELED COLLECTIONS

The following collections are just the thing for those who don't care to keep the names of the varieties separate, but do want a nice garden of glads. I sell thousands of these collections every year and have a great many fine reports on them. If these bulbs were sold separately under name they would cost several times the price asked as collections. **No extras on collections except as noted.** They are very big value as is. Shipped prepaid.

STAR COLLECTION No. 1.

100 assorted large bulbs (1¼ inch up) in about 40 varieties in many different colors and forms—no miniatures. I have sold this collection for years and have thousands of very well pleased customers. I **POSITIVELY GUARANTEE THAT THERE IS NOT A BETTER COLLECTION SOLD BY ANY GROWER IN THE COUNTRY FOR ANYWHERE NEAR THE PRICE:** The collection varies from year to year but always contains a great variety of colors and many fine varieties. I get many repeat orders every year from well pleased customers. **100 for \$6.50, with 50 at the same rate, 30 for \$2.20.** With each 100 bulbs of this collection I will put in FREE 1 bulb of some other fine variety of my selection, labeled worth at least \$1.00.

STAR COLLECTION NO. 1A.

SAME COLLECTION IN MEDIUM SIZE BULBS. 100 bulbs for \$4.50, 50 for \$2.25. With 100 bulbs will give a free bulb as in Star Collection N. 1

STAR COLLECTION No. 1B.

Small bulbs. This year I have a swell lot of small bulbs in a great variety of color and form. We do not guarantee every one of these bulbs to bloom this coming year but most of them should and they will make fine large bulbs for next season. **This** is the size that we growers plant and our fields are a mass of bloom. These little bulbs will greatly surprise you with their beautiful bloom. **100 for \$2.75—no split collection orders. 100 or multiples of 100. 200 for \$5.00. 1000 for \$20.**

Do not confuse the above collections with the ordinary unlabelled collections sold by seed houses or Garden Centers or chain stores. Each of the above collections contains at least 40 fine varieties in the lots of 50 or 100. The 30 #1 Collection contains 30 varieties.

DE LUXE COLLECTION No. 3.

40 or more varieties, many of them being exhibition sorts and worth several times the price asked. Real aristocrats in gladiolus. **100 for \$12.00, 50 for \$6.00, 25 for \$3.00.**

SUPER-DUPER COLLECTION No. 7

This is the last word in an unlabeled collection. It contains bulbs worth as much as \$1.00—\$2.00 each. Some of the very newest and a well rounded assortment as to color and form. **100 for \$25.00, 50 for \$12.50, 25 for \$7.50.**

DARK-COLORED COLLECTION No. 5.

Here is a new unlabeled collection that will appeal to many people. It contains no white or light colors. Most people have too many light ones in proportion to dark colors. Hence this offering. It contains some high priced varieties worth several times the cost of them here. **100 for \$10.00, 50 for \$5.00, 25 for \$3.00.**

DARK-COLORED COLLECTION No. 5A.

Somewhat similar to my #1A collection but even more varieties in it. \$30.00 per 1000—not prepaid. Medium sized bulbs only but guaranteed to bloom. Not less than 250 at this rate. The best unlabelled collection in the country at this price. All good varieties—no duds.

75-cent Long Season Specials

To have blooms of a certain variety over a long period I want to especially recommend the following collections. These consist of various sizes of bulbs of each variety. There are usually one or more large bulbs, some medium and some small. If you are not in the habit of buying medium or small bulbs you will be amazed at the fine blooms you will get from these. And if there is a particular variety that you especially like you can have blooms of this variety over a much longer period than you could if you planted all one size. I can't give you the exact number of bulbs that you will receive in each lot because the varieties vary somewhat in price but you may be assured that you will get big value. **LEAVE IT TO ME.** We put in more medium and small than large bulbs. **DON'T ASK ME HOW MANY BULBS THERE ARE IN EACH SET. THEY VARY ACCORDING TO THE PRICE OF THE VARIETY. WE GIVE VERY GOOD VALUE:**

REMEMBER EACH 75-CENT SPECIAL IS ONLY ONE VARIETY AND NOT AN ASSORTMENT OF SEVERAL VARIETIES OR OF ALL OF THEM. Each special consists of various sizes of just ONE VARIETY. Select as many as you wish. But remember they are 75 cents for each one. Any FIVE lots for **\$3.50.** Any TEN lots for **\$6.50** or any FIFTEEN for **\$9.00.** If you buy several lots I will put in something good for you to try out.

LET'S HAVE A BETTER GARDEN THIS YEAR

Peonies

This picture shows the type of growth of the Lin's Peonies

If you do not grow peonies you should. They are about fool proof, need little care and will bloom for many years without replanting.

These I am offering are not the cheap run of the mill kinds but just the best to be had from Mr. Lins, one of the leading breeders. At the Minneapolis Show in 1958 the Grand Champ was **Gardenia** and several of the color champs were from Mr. Lins' garden.

Mr. Lins' peonies are noted for their strong stems that hold the blooms erect. Peonies are not suitable for the far South as they have to freeze in the winter.

BLUE ROSE A large full double, deep rose, which carries more blue than any other peony we know of. Is sweetly rose fragrant. Stems are willowy, not as stiff as some other Lins varieties, but about like stems of Old Lace. Color, size and fragrance impels those who see it, to want it. **\$8.00 each.**

BURMA Large brilliant deep double red. Mid-season. Has good form, heavy substance and strong stems. Has won many blue ribbons and show championships during the past several years. Before being fully established it will produce some blooms not full double. **\$3.95.**

CASABLANCA Giant fully double white with good form, substance and strong stems. An adventure in peony growing. Late mid-season. **\$4.95.**

DOLORADEL Giant well formed fully double rich vivid pink with heavy stems. Foliage way to ground. Late mid-season. Wonderful variety. **\$4.95.**

ENSIGN MORIARTY Giant full double dark pink with heavy stems and fine form. Has been champ dark pink at many shows. Always scarce. **\$4.95.**

FESTIVAL QUEEN Double yellow with white collar and crown. Tall plant, fine low down foliage. Free bloomer. **\$4.95.**

GARDENIA One of the most beautiful peonies. Strong plant foliated way down, loaded with large beautifully formed blooms. Blush opened inside, white opened outdoors. Good every year. Early mid-season. **\$3.95.**

KING MIDAS A perfectly formed fully double medium sized brilliant red edged with gold. A model of perfection. **\$3.95.**

MARY L (Lins) A large high built double white. Some blooms have a touch of red on top petals. Stems are strong. Blooms late mid-season. **AMERICAN HOME ACHIEVEMENT MEDAL WINNER. \$3.95.**

OLD LACE Very large fully double flat bloom. Opens flesh but changes to ivory in the sun. 8 inch blooms on long willowy stems. **\$3.95.**

PAUL BUNYAN (Lins 1957) When we get to Paul Bunyan, we get to the heart of the

peony kingdom. A very large full double, well formed, deep flame rose which looks like a giant rose in form and beauty. The outer rows of petals are large. These large petals help hold its good form. Experts proclaim Paul Bunyan one of the best new peonies. Was first shown in 1955 and then was awarded the AMERICAN HOME ACHIEVEMENT MEDAL. First stock was released in 1957. A peony, even the most critical will be proud to have in their collection. Stock limited. Paul Bunyan was Champion Dark Pink in 1959. This is a super duper beautiful large peony. **\$15.00.**

RAMONA LINS Exquisite pale blush with Solange undertones. Blooms are held erect by strong stems. Regarded as the perfect peony. An all-time great. Mid-season. Supply limited. **\$4.95.**

SUMMER CHARM (Lins 1961) A new heavy textured full double in creamy light salmon pink, somewhat like the color of the beautiful rose Peace. The plant is good and the stems strong. This blooms late, in fact when our other peonies are bloomed out, Summer Charm is in its prime. Because it blooms so late it is not recommended for the lower southern states. **\$5.00.**

TONDELEYO A deep pink of unusual fire and brilliance. Has color, size, petalage and over all charm. Tall strong stems that hold the wonderful double brilliant blooms erect. **\$3.95.**

TULAGI The perfect lawn or garden peony. The large, tall plant with well foliated, always straight stems, produces a mass of large, brilliant red flowers of the Japanese type. In spite of its size, the bloom is refined and does not feather. **\$3.95 each.**

VALENCIA (Lins) A high built full double bright red on good stems. The plant is medium height. Was awarded the BRONZE MEDAL by the peony society. At the Minn. State Show in 1959 Valencia was Champion Red. **\$3.95.**

WAIKIKI (Lins 1959) A sister seedling of Hawaiian Sunset but in a different color. A beautiful new Japanese type in cerise and salmon rose. The stems are strong and the plants are perfect. An unusual color in rich Cerise with a large center of petaloids in rosy salmon. **\$8.00.**

JEFFY-POTS

If you have any potting to do here is a must.

These wonderful new pots from Norway are made of 75% peat and 25% wood fibre, to which soluble fertilizers have been added. Roots grow thru the pots permitting repotting into larger pots or to the field just as they are without disturbing the plant. Just the thing for starting these new, high priced bulblets. Start the plants in the pots and then at planting time put them out pots and all.

Some of the largest florists in the country use them and say that besides giving better growth of the plants that they save immensely in labor.

They are inexpensive, light weight, long lasting, provide good root aeration, need less water and save time. The growth is 50% faster than in clay pots.

WHY PULL WEEDS Kill them before they start. **Crag** is a wonderful labor saver. It is perfectly harmless to established plants but it will prevent weed seeds from germinating. I don't see how any one can afford not to use a weed killer nowadays with the high cost of labor.

Before your Glads come up cultivate or scratch over your soil in some way, then apply Crag and you will have no more annual weeds for several weeks. In the middle of the season cultivate again and apply more Crag and it should last the rest of the growing period. Most growers use a weed killer now. Crag is the safest to use and it works. I use it in our fields.

2 lb. Package Crag to cover 24,000 sq. ft.

NO MORE THRIPS. Thrips is a minute insect that sucks the juices from buds so they do not open. They used to be a scourge of glads. But no more. Just scatter **CHLORDANE** in trench at planting time and you have no thrips. Chlordane also kills wireworms and Jap Beetles.

MARTINDALE PROTECTIVE MASKS

In cleaning bulbs there is always more or less dust which rises which to many people is very annoying. Some people can't work around the old bulbs at all because of this dust. To help such people I am offering the Martindale mask which is the simplest and cheapest mask of the sort that I have seen. Anyone who is at all bothered with the dust from bulbs or dust or fumes from anything else should certainly have one of these masks.

Price 75¢ prepaid; No. 1 refills, standard weight, per package of 25, 60¢; No. 2 refills, double weight, package of 25, 75¢.

R-5058 Respirator

While our Martindale masks are very valuable in screening out ordinary dusts something better is needed when you are handling toxic chemicals. For this purpose you need the American Optical Co.'s R-5058 Respirator. This is approved by the U.S. Dept. of Agriculture for use against dusts, vapors and mists of Parathion, Aldrin, Dieldrin, Nicotine, Chlordane and many other toxic insecticides and herbicides and many new experimental chemicals in various forms. Many chemicals are deadly poison and should be handled with extreme care. To be on the safe side use an R-5058 Respirator.

Hardy Chrysanthemums

Most so called hardy mums are not really hardy in the most northern regions. Prof. Meader of the University of New Hampshire has been working on hardy ones crossing with Korean varieties trying to produce new varieties that are hardy in their location where they get extreme cold and little snow. Anything that is hardy there will live thru the winter most anywhere. The following varieties are among the very hardiest to be had from any source. G is for Granite after the Granite State.

Last winter was exceedingly cold here but these mums came thru fine with no covering at all and bloomed beautifully. I had nice blooms way in to November.

G. GEM (17) 24" in height, 2" yellow floret, pompon type. Symmetrical bush, 3-4" wide.

G. HARVEST (12) 24" in height, 2-2.5" floret, semi-double type. Light orange with yellow centers.

G. BRONZE (39) 24" in height, 2.5" floret, double type. Bronze, Frost resistant. Aged flowers are still attractive.

G. PAGEANT (22) 24" in height, 3" floret. Single type. Rusty red, compact plant, very

decorative, floriferous, narrow petals.

G. PROMISE (33) 36" in height, 3" floret. Single type. Mauve to brick red, with several rows of petals.

G. RADIANCE (26) 24" in height, 2-2.5" floret, semi double type. Early. Brick red.

G. RANGER 2 1/2 inch brick red semi-double with long narrow petals. A beauty. Above varieties 75 cents each.

G. PLEASURE. Another winter hardy selection, from the plant breeders at the University of New Hampshire, having double dark brick red flowers 2 1/2 inches in diameter borne on plants 2 feet tall has withstood sharp fall frosts of 23 F. when in full bloom without appreciable injury. **\$1.00 each.**

G. TRUTH. Early white, blooms in Maine about Aug. 15th. This white selection contributes beauty to the garden a full month or more before any frost damage may occur. The compact rounded plant grows 18 to 24 inches tall. **\$1.00 each.**

Set of 1 each of above 9 varieties for \$5.98. All prepaid.

Monarda (Bee Balm)

GRANITE PINK Bee Balm is an ornamental perennial plant that is just about fool proof. It grows in just about any kind of soil, wet or dry, heavy or light with very little care. Blooms are composite like a double daisy.

This new variety **Granite Pink** is a beautiful shade of bright pink that stands up on straight stems above the 3 foot foliage. The regular Bee Balm is purple. A plant makes a grand display about 3 feet across with 2 1/2 inch blooms all over it and down the sides. They simply cover the plant. Attracts bees and humming birds. It blooms from mid July till September—much longer than most perennials. It is perfectly hardy.

Cuttings do not usually bloom the first year but make clumps that bloom from the second year on and that can be frequently divided.

Root divisions \$1.00 postpaid. 3 for \$2.00.

GRANITE PURPLE This is a new color—a dark purple, cyclamen purple #30 by the English color chart. Strong grower, deep green foliage. Holds its lower leaves well even after frosts.

\$1.25 each or 3 for \$3.00.

Not less than 3 plants sold on one order. We ship by special handling and postage costs too much for a single plant. However, you can combine the Chrysanthemums with the Monarda.
